Workplace Communication

Why ESOL Training?

Putting the learner front and centre.

ESOL training is a game-changer for staff, helping everyone communicate better in our diverse workplace. It makes interactions with non-native speakers smoother, improving customer service and teamwork.

This training also boosts employee confidence and job performance, ultimately contributing to a more cohesive and productive work environment.

Whilst investing in ESOL training demonstrates a commitment to diversity and employee development.

Delivery

- We come to your site, or can work from select locations throughout the country if required.
- 12 x 2 hour sessions to cover all core modules. **Special Introductory Price: \$1,050 +GST per person** (min 8 participants, & additional learners only \$1,000 +GST per person)
- 24 x 2 hour sessions for our comprehensive programme. \$1,565 +GST per person (min 8 participants).
- Investment includes design, delivery and learner resources.

Eligibility

The programme is aimed at elementary-level learners who may already have some English but lack confidence, or understanding is weak in key work areas.

Content

Participants will:

- ✓ Focus on oral communication and confidence, to support teamwork and professional behaviour in the workplace
- ✓ Build knowledge around money, NZ law, and understanding their worker rights, payslips and more.
- ✓ Improve English reading skills, reading for gist and reading for detail, in the context of workplace processes and Health and Safety.

All learners receive a certificate of completion
